

1	Identification of the article and the supplying Company	<b>Demi-Diamond Fruit Fly Glue Pad</b> PestWest USA LLC, 9040 Town Center Parkway, Suite 204, Brandon, Florida. Tel: 941 358 1983 Fax: 941 358 1916
2	Hazards identification	Not classified as hazardous.
3	Composition and information on ingredients	Product is not a "substance" or a "preparation" under the CHIP 3 Regulations enacting the Dangerous Preparations Directive. Product is an insect trapping device in the form of a glue pad. The pad is placed in the base of a small plastic contraption which is assembled into a tent-like form for placement at the infested site.
4	First Aid measures	Ingestion: Not applicable. Inhalation: Not applicable. Skin contact: No known risk. Eye contact: No special effects. Advice to doctor: Plastic device which in use may hold a sticky glue board to trap insects.
5	Fire-fighting measures	Extinguishers: Foam, dry chemical fire extinguishers. Toxic fumes will be evolved in a fire. Self-contained breathing apparatus should be worn by fire fighters.
6	Accidental release measures	If items are scattered, collect up into a box immediately to reduce slip, trip risks.
7	Handling and storage	Precautions in use: Handle and use only as directed. Apply attractant sticky pad as directed. Keep out of reach of children. Product is not a toy. Use in places inaccessible to pets and other animals. Product is potentially hazardous after use when contaminated with trapped insects. Handle trap and sticky boards wearing appropriate PPE eg gloves.  Storage and transport precautions: No special requirements.
8	Exposure controls and personal protection	None required.
9	Physical properties	Appearance: Yellow coloured glue pad, 130mm x 60mm.
10	Stability and reactivity	Stable product.
11	Toxicological information	Not classified as hazardous.
12	Ecological information	No special effects.
13	Disposal considerations	<ul style="list-style-type: none"> <li>Remove attractant sticky board, dispose as controlled, non-hazardous waste.</li> <li>Consider re-use, recycling or recovery routes for the clear plastic contraption that comprises the trap.</li> </ul>
14	Transport information	No special requirements.
15	Regulatory information	<ul style="list-style-type: none"> <li>This preparation has been classified in accordance with The Chemicals (Hazard Information and Packaging for Supply) Regulations 2002: CHIP 3. These implement the Dangerous Preparations Directive- 99/35/EC. This Safety Data Sheet complies with CHIP 3 requirements and the Safety Data Sheets Directive 91/155/EEC (as amended by Directives 93/112/EC and 2001/58/EC).</li> <li>Refer to other relevant measures such as the Health and Safety at Work etc Act 1974.</li> <li>The information contained in this data sheet does not constitute the user's own assessment of workplace risks as required by legislation.</li> <li>Hazard symbols: - None.</li> <li>Risk phrases: - None.</li> <li>Safety phrases: - None.</li> </ul>
16	Other information	Use only in accordance with label instructions. Do not use for any other purpose than insect control. Consult the supplier if use directions are unclear. The information in this data sheet should be considered when undertaking a risk assessment under the COSHH regulations. This data sheet does not constitute a COSHH assessment. The information contained within this data sheet is strictly for general guidance only and should not be relied upon over and above this. This data sheet is intended to provide general health and safety guidance on the handling, storage and transportation of the preparation. The information provided in this data sheet is accurate at the date of publication and will be updated as and when appropriate. No liability will be accepted by Killgerm Chemicals Limited for any loss, injury or damage arising from any failure to comply with the information and advice contained within this data sheet and/or failure to comply with the manufacturer's guidelines, product label data and any associated technical usage literature. Re-issued July 2009 to incorporate the REACH requirement changes to safety data sheets.
