

# Neosorex<sup>®</sup>

## Plus Blocks

 - **BASF**

We create chemistry

Powerful single-feed formulation

**Combines the palatability of a soft block with the durability of a hard block.**

To be used only by professional users holding certification demonstrating compliance with UK rodenticide stewardship regime requirements.

Neosorex<sup>®</sup> Plus Blocks contains flocoumafen. Use biocides safely. Always read the label and product information before use.

® = Registered Trademark of BASF

**5 kg**

**Ready-to-use rodenticide block bait**

Reliable single feed block bait

- ✓ Excellent palatability and durability through innovative formulation employing a proprietary, wax-free binder
- ✓ Proven single feed flocoumafen efficacy
- ✓ Controls House mice (*Mus musculus*), Brown rats (*Rattus norvegicus*) and Black rats (*Rattus rattus*)
